#6

Global Destination

Airbnb Travel Trends, 2024

The government's 2026 strategic target was reached two years early. At 500–1,000+ MAD per cover nightly, the demand for premium dinner show experiences is at an all-time high.

The Competitive Arena

The Establishment

Dar Soukkar: The Benchmark.
16th-century palace on Route de l'Ourika.
Over 2,700 TripAdvisor reviews. The venue concierges recommend first.

Palais Jad Mahal: 14 Years Established.
Premium Hivernage palace. Positioned near La Mamounia and Royal Mansour.

Bo Zin: 20 Years Iconic. Route de l'Ourika.
500 capacity. Exotic garden.

The Challenger - HABIBI August 2026

- Rooftop with Atlas views.
- 250 covers.
- 20+ artists & live shows.
- Kat as artistic director.
- International positioning.
- Exceptional concept.

Competitors have decades of established digital presence. To compete, HABIBI must enter the market at the exact same level of digital authority from Day One.

The 5-Pillar Digital Engine

An integrated digital ecosystem built to scale and automate a modern hospitality brand.

Five components that build a hospitality brand online, working seamlessly together so the HABIBI team can focus purely on the guest experience.

Building the Digital Flagship: Strategy & Website

Strategic Foundation (The Marketing Plan)

- Comprehensive market analysis and competitor benchmarking.
- Defining brand positioning, unique selling propositions (USPs), and target audience personas.
- Developing a multi-channel marketing strategy (digital, PR, partnerships).
- Setting clear KPIs and a roadmap for launch and post-launch phases.

The Website: The Digital Flagship

- **Phase 1 (Launch Aug 2026):** Immersive design, mobile-first, showcase venue/shows, seamless booking integration, SEO foundation.
- **Phase 2 (Expansion):** E-commerce for gift cards & merchandise, private event inquiries, secure payment gateway, multilingual support.
- **Ongoing:** Content management system (CMS) for easy updates, performance tracking, and security maintenance.

E-Commerce & Gift Cards (Website Phase 2)

E-Commerce & Gift Cards (Website Phase 2)

Guests buy experiences as gifts, generating revenue while the team is hosting, not computing.

- Automated email delivery
- Branded merchandise
- Signature spices
- Secure payment

A guest who buys a gift card introduces **two more people** to HABIBI.

Visibility

Dominating the Search Layer

If guests can't find you, they choose someone else.

Local Search
(Google Business Profile)

The ultimate trust signal for concierges. Fully optimized profile, continually updated photos, and active Q&A management.

GEO
(Generative Engine Optimisation)

Structured data ensuring HABIBI is the venue recommended by ChatGPT, Gemini, and Perplexity. A massive new channel most venues ignore.

SEO
(Search Engine Optimisation)

Built into the page structure from day one. Keywords optimized around 'premium dinner shows Marrakech'.

Reviews as Business Intelligence

The insights go directly to management, so decisions on training and service are driven by real guest data.

Social Media & Community Cultivation

- ☒ Strategy, content planning, and calendar management
- ☒ High-end copywriting and storytelling
- ☒ Graphic design for Posts, Stories, and Carousels
- ☒ End-to-end community management (TikTok & Instagram)
- ☒ Comment moderation and engagement

Why it matters:

An inconsistent social presence signals to guests that nobody is minding the brand.

Weekly, high-quality activity builds trust before the booking.

“A guest who discovers HABIBI on social media feels an immediate and overwhelming desire to experience it in person.”

Three Channels That Convert Interest into Reservations

01 — WhatsApp Concierge

Instant replies in English, French, Spanish, and Arabic.

24/7 coverage.

Upsells champagne, private dining, and extras.

Human-supervised at all times.

02 — Social Automation

Keyword-triggered conversation flows inside Instagram DMs.

Runs 24/7 without staff involvement.

Routes inquiries directly to the booking flow.

03 — Outreach & Partnerships

Handled via communication@habibi-marrakech.com.

Direct pitching to hotel concierges, travel agencies, and tour operators.

End-to-end influencer management (identification, negotiation, tracking).

Every Direct Message is an Open Door

The system is trained in sales. No inquiry is ever left waiting.

Not an External Agency. Your Marketing Team.

Hospitality Native

Graduated from Les Roches University, Switzerland (One of the top global hospitality schools).

Operations Tested

Years of on-the-ground, 5-star hotel operational experience across Europe and the United States.

Digital Masters

9 straight years specialized exclusively in digital marketing for the luxury hospitality sector.

Tech Certified

Masters in AI and Automation. Multiple Google Certifications.

We understand exactly what a concierge needs to recommend a venue, and what a guest expects before booking. We speak hospitality.

August 2026 is closer than it looks.

Every week without a digital presence is a week the competition gains ground.

1
Confirm scope & language priorities (Spanish/Arabic additions, Training app decision).

2
Execute the Marketing Plan (290€). This provides both teams the same strategic picture before any code is written.

3
Production, digital real estate setup, and implementation begin immediately.
